MEMORANDUM FOR: The Director
Interdepartmental Foreign Information Organization

SUBJECT: Report Covering Activities of the Interdepartmental Foreign
Information Staff, October 15 to January 15

BACKGROUND

NSC-4, dated 9 December 1947, provided for an interdepartmental staff to assist the Assistant Secretary of State for Public Affairs in discharging his responsibilities for the Foreign Information Program. Organization of the staff, which included one representative each from the Departments of State, Army, Navy, and Air Force, and from the CIA, was completed on 1 June 1948.

NSC-43, dated 9 March 1949, provided for an interdepartmental organization to make plans and preparations for the conduct of overt psychological warfare in the event of national emergency or war.

On August 1, 1949, the Secretary of State proposed to the Secretary of Defense and the Director of Central Intelligence that the full-time Staffs responsible for carrying out NSC-4 and NSC-43 be combined.

The Secretary of Defense and the Director of Central Intelligence agreed with this proposal. In his letter dated August 15, 1949 to the Secretary of State, the Secretary of Defense also stated that he felt that the combined Staff should at an early date undertake the drafting of a single document which would incorporate the essential provisions

of NSC-4 and NSC-43, revised as necessary in the light of the recent amendments to the National Security Act of 1947 and the comments on NSC-43/1.

Under date of 24 August 1949, the Under Secretary of State replied that the Department of State welcomed the suggestion that the combined Staff should prepare a single document which would incorporate the essential provisions of NSC-4 and NSC-43.

The Organization was broadened to include the Assistant Secretary of State for Public Affairs, as its Director, and Consultants were included to represent the Department of State, the Department of Defense, and the National Security Resources Board.
